

ACTON 1967

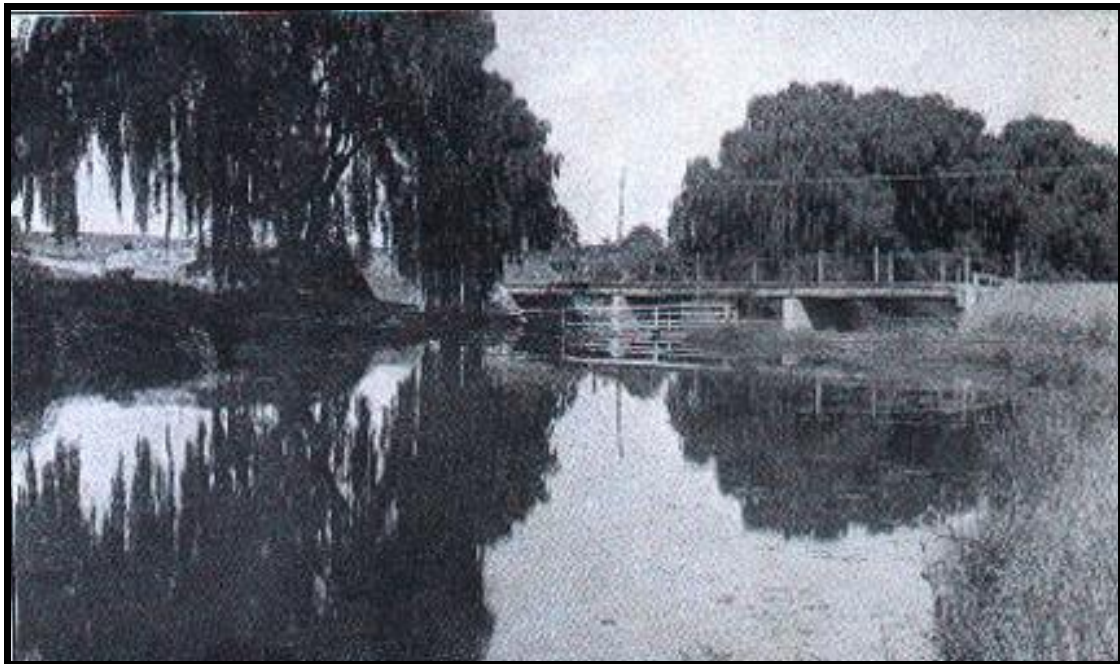

The above map is from the 1950s. Acton Guest House by 1967 was renamed Lennox House and used by the Australian National University for accommodation. The first section of this building was occupied in late 1912 and was known as *THE BACHELORS QUARTERS*. Canberra House was constructed in 1912 and was then known as *THE RESIDENCY*. The RC Presbytery noted on the right hand side on the north side of the river across the Commonwealth Bridge is the one referred to in the Religious section. Turner Hostel by 1967 was no longer being used as a Hostel. The ANU has reused the buildings that may soon be pulled down (2005). The following photograph shows one of the floods in the 1950s. The photograph was taken from the north side near City Hill (Mt Vernon) looking across to the Canberra Community Hospital – later known as the Royal Canberra Hospital.

ACTON 1967

Above is a photograph taken from the north side of the Molonglo River in flood. The hospital at Acton is shown in the mid distance. Below is a photograph of Lennox Crossing.

Not included in this section are the Hotels and Hostels. Prior to around 1963 the suburb of Acton was on the north and south side of the river and included the area of the Hotel Canberra, Albert Hall and Westlake. Today these areas are part of Yarralumla. The last Westlake house was removed in mid 1965.
