# HOSTELS, GUEST HOUSES & MOTELS 1967

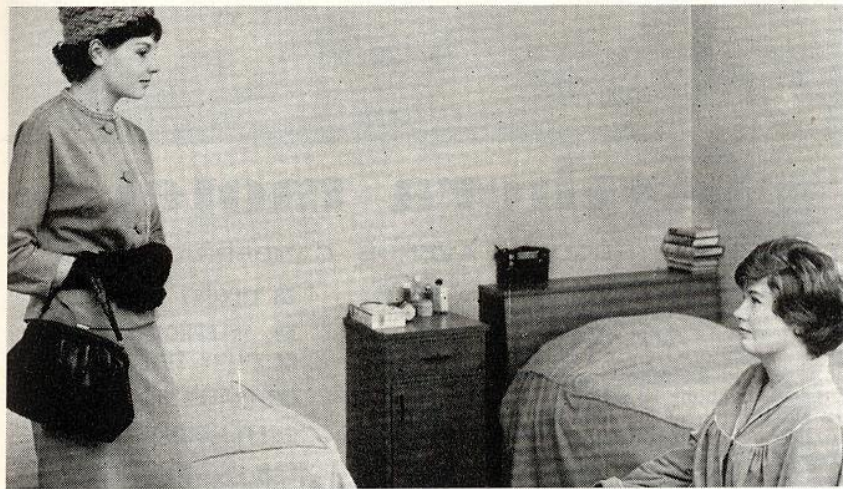

### ACCOMMODATION

Excellent hotel, motel and private hotel accommodation is available in Canberra and much more is under construction.

However, intending visitors are well advised to make bookings a month or two in advance. This is necessary because Canberra is subject to the influx of vast numbers of people attending Parliament and business conventions, and the visitor who has not made prior arrangements may well find accommodation taxed to the limit on a particular day.

The national capital has become a tourist and business centre of considerable popularity and generally it is not wise for visitors to chance making their bookings on arrival in Canberra. On the other hand the visitor booking ahead has little or no trouble in securing very good accommodation.

The Canberra Tourist Bureau at West Row, Canberra City (telephone 4-3258) will undertake the service of booking accommodation for a nominal charge.

*Stepping out or relaxing at home? The twin bedroom (above) at Acton Hostel enables friends to share accommodation and so cut costs. Lawley House (below), one of the higher-tariff hostels, provides all the services of a good private hotel.*
